EDUCATION

- **Bachelor of Technology (CSE)**, Malla Reddy University, Hyderabad — CGPA: 8.46 — 2022 – 2026
- **Intermediate (MPC)**, Narayana Junior College — 81.3% — 2020 – 2022
- **SSC**, CMR Model High School — GPA: 10 — 2019 – 2020

PROJECTS

AI-BASED CHEST X-RAY DISEASE DIAGNOSIS SYSTEM:

Engineered a VGG16-based AI model for chest X-ray disease classification with achieving 95% diagnostic accuracy. Defined a MobileNetV2 model to validate chest X-ray images before classification.

Integrated Grad-CAM and Groq Llama 3.2 for visual and AI-generated medical explanations. Deployed a full-stack application using Flask, React.js, Hugging Face, and Vercel. Performed exploratory data analysis to identify class-imbalance anomalies in the dataset, informing preprocessing decisions.

ECO VOLT:

Designed an Arduino Nano-based MFC prototype using 4 sensors for renewable energy generation. Integrated carbon electrodes, sensors, and real-time voltage/current monitoring to enable renewable energy generation for smart farming and rural lighting.

SAVOURY RECIPES:

Created a recipe recommendation application based on ingredient similarity. Organised features using React.js (Frontend) and Node.js, Express.js, MongoDB (Backend). Optimized recipe discovery through a simple and responsive interface.

DIL-IVERY:

Spearheaded a food redistribution platform connecting donors with charities.

Implemented HTML, CSS, and Python to build the end-to-end application. Facilitated efficient food donation and waste reduction through streamlined matching.

TECHNICAL SKILLS

Programming Languages: Python

Web Technologies: HTML, CSS

Databases: SQL (Database Management)

Tools & Platforms: GitHub, VS Code, Microsoft Excel, MS Word, Data Analysis

Soft Skills: Communication Skills, Team Collaboration, Analytical Thinking, Attention to Detail

ACHIEVEMENTS

- Secured top 10% rank in a university-level coding competition for problem-solving using Python and Java.
- Developed an end-to-end software solution during a 24-hour National-Level Hackathon.
- Secured First Prize in the School Annual Solo Dance Competition, showcasing confidence, creativity, and stage performance skills.
- Earned 3 Coursera certifications in Python, Java, and HTML.
- Private Tutor: Guided school students in academics and analytical thinking.

CERTIFICATIONS

- **Introduction to HTML** – Coursera Project Network
- **Python Basics** – University of Michigan (Coursera)
- **Introduction to Java** – LearnQuest (Coursera)
